**Love Will Find A Way**
Yes

Lines: 121

A while back, someone requested this tab. As I am doing this from memory, I
can t guarantee complete accuracy... but it should go something like this.

Intro:
2

hide this tab

```
E-----------------------------------------------------------------------
B-------------------------------------------------------------2---------
G----------------------------------------------4-----------4--2---------
D----------------------5------------------2-----4----------4-----2----------
A---0--4--5-------4--5-----5--4--0--0-0-4-----2--------0-----------0---------
E-----------3--------------------------------------------3-----------------
```

This pattern is played over the following chords until the lyrics begin (3X):

G#   F#   G#   Bbm   F#   G#

This same chord pattern exists throughout the 1st verse...

1st verse:

You wanna get close to me,
The feeling s so clear,
But I need some time to see
Vision through my tear.

You wanna get next to me,

```
I need your intrusion.
I don t need to be,
Blinded by confusion.

For these next lyrics, use the following chord arrangement:

F#          G#
Here is my heart,

F#*          G#*                              where F#* : x2x033
Waiting for you                                 G#* : x07650

F#          G#
Here is my soul,

F#*              G#*
I eat at Chez Nous.

Then use same G# F# G# Bbm F# A arrangement for the Bhorus:

Love will find a way,
if you want it to.
Love will find a way,
love will find a way for me and you.

Bbm       G#
          Love will find a way    (repeat 4x)... then back to intro line, etc.

2nd Verse:

So you want to get over me,
and that s how you feel.
Everything you want to be,
seems so unreal.

I want to be all of you,
and that s the confusion.
It s so hard for me,
to draw a conclusion.

Repeat  Here is my heart  verse and then Bhorus.

OK. Here is my attempt at the solo.  All is arranged for guitar...  I repeat,
this is from memory, so don t shoot if it s wrong.

By the way, the chords are the same as the verse sections.
```
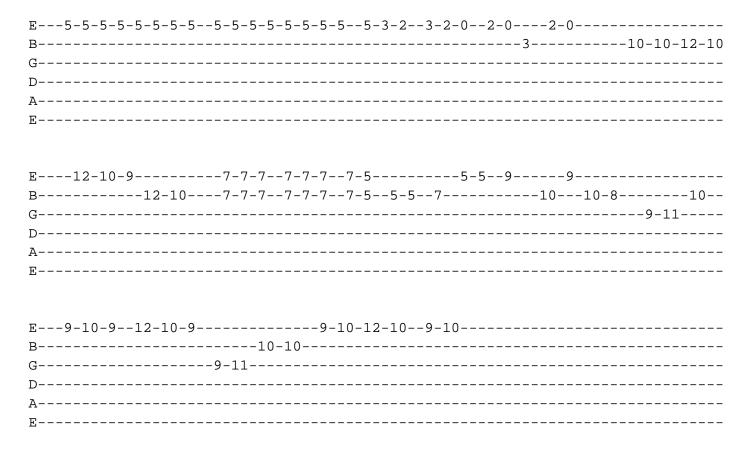

Solo:

```
E---5-5-5-5-5-5-5-5--5-5-5-5-5-5-5-5--5-3-2--3-2-0--2-0----2-0---------------
B-------------------------------------------------------3----------3---10-10-12-10
G----------------------------------------------------------------------------
D----------------------------------------------------------------------------
A----------------------------------------------------------------------------
E----------------------------------------------------------------------------
```

```
E----12-10-9-----------7-7-7--7-7-7--7-5----------5-5--9------9---------------
B------------12-10----7-7-7--7-7-7--7-5--5-5--7-----------10---10-8--------10--
G----------------------------------------------------------------9-11-----
D----------------------------------------------------------------------------
A----------------------------------------------------------------------------
E----------------------------------------------------------------------------
```

```
E---9-10-9--12-10-9--------------9-10-12-10--9-10-----------------------------
B----------------------10-10-------------------------------------------------
G------------------9-11------------------------------------------------------
D----------------------------------------------------------------------------
A----------------------------------------------------------------------------
E----------------------------------------------------------------------------
```

Hope this helps... If anyone knows how to send this to Jamesb at nevada, please
do me a favor and send it there. I have no idea how and have little time right
now. Thanks in advance.
