

Save Our Love
Yngwie Malmsteen

Am **F**
Once we were one, now were worlds apart
E **Am** **E**
Deep inside, you know, you are my other heart
Am **F**
My memories seem like yesterday
E **Am** **E**
Can't believe it's all so far away
F **Dm**
All__ these years__ all our tears
F **Am** **Dm** **F**
And still we sing the same old song
Bm **E**
Let's make right, what went wrong

C **Am** **E**
There's no beginning, there's no end
A **C** **F** **D** **G**
There is no reason to pretend crying for help from above
C
We've got to save our love
C **Am** **E**
There's no beginning, there's no end
A **C** **F** **D** **G**
There is no reason to pretend crying for help from above
E **Am**
We've got to save our love

Am **F**
You said to me that we hold the key
E **Am** **E**
Eternal love, we give and take, it was meant to be
F **Dm**
My love for you was always true
F **Am** **Dm** **F**
And so we sing the same old song
Bm **E**
Let's make right all that went wrong
