

Casualty

Yonder Mountain String Band

A **G**
Good times don't seem last and the bad ones fade as fast

D **G** **A**
Either way it means the time is flyin

A **G**
Can't recall how I got here, I don't know if I'm thinkin' clear

D **G** **A**
It's hard to tell the truth from all the lyin

G **G** **G** **G** **G** **G** **G** **G** **A**
And the only thing you'll get from me is time

G **A** **D**
And the damn awareness somethings on my mind

A **G**
Headin' off I'm out the door, she wonders why I'm leavin'

D **G** **A**
And I wonder why she gives me things for free

G **G** **D** **D** **G** **A**
I wonder what is you think you're getting from me

Repeat for next 2 verses

She's looking for some kind of grace, and I look to the past on my face
She don't see it, so she knows that I'll be goin'
Oh when I'm gone please understand, it's just that I'm that kind of man
It's heard that you can't stop the wind from blowin'

I didn't mean a casualty, oh the cost for lovin' me
The shoes I'm wearin' lead me to destruction
Anyway it's bound to end, could be now and it could be then
I'm just flyin' down this highway I call home

And the only thing you'll get from me is time
And the damn awareness somethings on my mind
Headin' off I'm out the door, she wonders why I'm leavin'
and I wonder why she gives me things for free

I wonder what it is you think you re getting from me
