

**Up On The Hill Where They Do The Boogie**  
**Yonder Mountain String Band**

**D**

Down in the city it s a pity what s there.  
All the kids in the gutter runnin really bare  
How much money do I have to get  
To get me set where the jet set gets

Chorus:

**G**

**D**

Up on the hill where they do the boogie

**A**

**D**

(dododododododo, the boogie)

**G**

**D**

I wonder what they re doin when they dodo the boogie

**A**

**D**

And I wonder what I m doin here

Down in the city if a-you ain t dead  
You better watch that man, he gonna bust your head  
Throw you over and leave you aloone  
He s a-twenty minutes late, He s gotta be back home

(Chorus)

The rat s in the alley and a roach on the floor  
A businessman huntin for a two-bit whore  
I thought I heard some housewife say  
I gotta go up the hill for the PTA

(Chorus)

A-Some folks say that a hippie won t steal  
But I caught three in my corn field  
One had a flag and the other had a bomb  
And the third ol boy was a-gettin on home

(Chorus)

Now all I know about is a-what I read  
A-see it comin at me on the TV screen  
Every time they boogie well it gives me a thrill  
But they always seem to do it way up on the hill

(Chorus)

do do dodod dodo
