**A Em G D (B F#m A E) x2**

Walks like a crooked tooth  
And sleeps with a dexedrine smile  
Keeps finding the holes where old memory can go  
And wash it down liquefied

**F# G B C (G# A C# A) x1**

Keep that old door swinging  
Coz you can be the freeloader

**E G (F# A) x1**

Verse 2: (same as 1)

Yer walls are plastered with ham-fist drunks  
And fagans wrapped in denim and smoke  
So tell me what chance did you happen to dance  
With the step that kicked yer feet in the boat

Prechorus 2:

Loose band on the radio  
All static and clashin a hob-nailed hint  
You re never losing ground  
It s just the way it sounds

Chorus again

?

You cover me like the sunshine kisses the day

**D E G A**

But a pulse starts in my gut now  
And it s gonna make us pay
