Easy and very great song to learn and perform, My lyrics may not be exactly correct (i will correct them when i can get the lyrics sent to me) but here is what i think it says:

Verse I:  
Cold feet

keep me up with no sleep  
you old G  
rob me blinds over dirt cheap  
I wasnt born free (start interlude)  
There s nothin left for me to eat

Verse II:

**E G A E**

Boy must ve been born under

**G A**

lucky star

**E G A**

reached up and caught it

with his

**E G A**

mights and i traded it

**E G A E G A**

who knows what for, who knows what for

Boy must ve been born under

lucky star

reached up and caught it

with his

mights and i traded it

**E G A**

Oh you know she tempts my heart,

Oh you know she tempts my heart,

Oh you know she tempts my heart

**E G A**

Im a sinner in the dark yeah,

Boy must ve been born under

lucky star

reached up and caught it

with his

mights and i traded it

**E G A**

who knows what for

who knows what for

who knows what for

Hope this helped out any way!
