

**Fast Forward**  
**You Me At Six**

[Verse 1]

**C** **Asus2/E** **E D**  
Just got the mirror on the way out  
**C** **Asus2/E** **E D**  
Don't recognize myself anymore now  
**C** **Asus2/E** **E D**  
Been running in circles and I can't get out  
**C** **Asus2/E** **E D**  
The less I know the better it rings loud

[Chorus]

**C** **Asus2/E** **E D**  
Just when you wanna fast forward  
**C** **Asus2/E** **E D**  
You know it's gonna hurt some more  
**C** **Asus2/E** **E D**  
When you feel the fire is gone  
**C** **Asus2/E** **E D**  
I'll pour some gasoline on  
**C** **Asus2/E** **E D**  
I, I, I'll pour some gasoline on  
**C** **Asus2/E** **E D**  
I, I, I'll pour some gasoline on  
**C D** **E** **Am** **G**  
And I might be down but I'm not fucking out  
**C D** **E** **Am** **G**  
Cause I need more hours to turn this one around

Both cut from the same cloth
