

Give  
You Me At Six

**Asus2**                    **E**    **B**  
It s been a day  
**Asus2**                                **E**    **B**  
it s felt like an age  
**Asus2**                                **E**    **B**  
since i have seen you  
**Asus2**                                        **E**                                **B**  
face to face so we can say what we need to  
**Asus2**                                **E**    **B**  
i know you ve changed  
**Asus2**                                **E**    **B**  
you don t look the same  
**Asus2**                                **E**    **B**  
we ve all made mistakes  
**Asus2**                                        **E**                                **B**  
growing pains is just a phase we have to go through

(Refrão)

**Asus2**    **C#m**                                **E**  
I ve been wasting all this time tryna keep you off my mind  
      **B**  
yeah you off my mind, no more  
**Asus2**    **C#m**                                **E**  
I ve been wasting all these nights tryna keep you off my mind  
      **B**  
yeah you off my mind, no more

**Asus2**                    **E**    **B**

**Asus2**                                **E**                                **B**  
how long shall i wait(i wait i wait)  
**Asus2**                                **E**                                **B**  
to feel myself, feel myself again  
**Asus2**                                        **E**                                **B**  
cause i know that you hate(you hate you hate)  
**Asus2**                                        **E**                                **B**  
when were side by side but going to separate ways

(Refão)
