

Hard To Swallow
You Me At Six

Capo on 5th

F G **Am**
It seems hard to swallow, you keep your thoughts by your pillow
F G **Am**
Just so you can adore them, and just so we can ignore them
F G **Am**
I d rather lead than follow, I d rather stay and not go home
F G **Am**
My moves have got so old, or so I ve been told

G
But now you ve lost it all

CHORUS:

C **G**
We re running out of time, we ve got things on our mind
and things that we just don t like
Am
Who do you want to see?
G
Who do you want to be tonight?

(Repeat chords for first two verses)

F G **Am**
Forgetting the promises that you make, is how your, your promises easily break
F G **Am**
You sit on the fence, and I ll take on the risk
F G **Am**
I count my losses, and I ll count my fears

G
And I hope you ve cleared your head

(Repeat chords for chorus)
