[Verse 1]

Em D C
I woke up this morning with a grudge the size of a short story
Em D C
Oh, I feel, I feel so low
Em D C
Let me start at the end, the part I haven't figured out yet
Em D C
Yes, I am, I'm moving slow

Em D
You are playing the lead
C
The headache that my actions feed
Em D C
Oh, I've only got myself to blame
Em D C
This is another test which I would fail and at my best
Em D C
Oh, always ending the same

D Em
If I were an honest guy
D C D
I'd give this role another try

[Chorus]

C G D
What do I do when I am so in love with you?
C
I forgot what I wanted to say
G
What do I do when you won't change your ways?
D

It s time, it s time

C G D
If I just save you, you could save me too
 C G D D(let ring)
If I just save you, then you could save me too
