Tuning: Standard (e B G D A e)  
\*\*CAPO on the first fret for this song\*\*

Intro:

1 strum of **Em7** followed by

```
e|-----|
B|-----|
G|-----|
D|-----|
A|-----|
E|-0-2-3--| X6
```

Verse:

**Em7 - D - Cadd9 - G**

Work out the strumming pattern for yourself, its a really simple one to pick up!

Chorus:

**Em7 - D - Cadd9 - G**

Same chords as the verse, but a different strumming pattern. Same timing, though.

Interlude:

```
e|----3-----3-----|
B|--3---3---3---3---3---3---|
G|0-----0---0-----0---|
D|-----|
A|-----| REPEAT A FEW TIMES!
E|-----|
```

The main chord progression (for verse and chorus) is repeated throughout the whole song

you could almost get away with just playing that, for the most part!

Be sure to end on **Em7** ...
