

The weight of the world,

**F# C#**

And I would carry it for you,

**G#**

But please don't ask me to because the

**F# C# G#**

Weight of the world

**F# C# G#**

Is a burden I can't bear.

**F# C# G#**

Is a burden I can't bear.

**Bbm F#**

Maybe it's gravity

**Bbm C# G#**

That pulls her to my chest,

**Bbm F#**

Not the fear that she is the source

**Bbm C# G#**

Of what little strength I've got left,

**Bbm**

I don't wanna know

**C#**

Cause I'm so scared,

**A#m G# F#**

It's not gonna get easier than this

- **F#** -

**F# C# G#**

Because it's too much to bear my darlin'

**F# C# G#**

The weight of the world,

**F# C#**

And I would carry it for you,

**G#**

But please don't ask me to because the

**F# C# G#**

Weight of the world

Is a burden I can't bear.

- **F#** -

**F# A#m G#**

My horizon lies a jagged line,

**F# C# G#**

Oh I can clearly see,

**F# A#m G#**

The mountains that I've yet to climb,

**C# A#m G#**

I ll get there if it kills me.

**F#**                  **C#**                  **G#**
