E **B** **E**
I am feeling lost in my own town
E **B** **E**
And there s no place I want to settle down
C#m **B**
I am lost without a love
C#m **B**
or an answer from above
A **B** **E**
does someone know an easier way out

E **B** **E**
And in my darkest hour of despair
E **B** **E**
I m only glad she wasn t there
C#m **B**
See me as the lights went out
C#m **B**
and all that I could think about
A **B** **E**
was where she was and does she really care

Ref.:

A **E** **B**
Billy died of a broken heart
A **E** **B**
Couldn t bear to be apart
A **B** **E**
from the one he loved too much

A **E** **B**
Billy died of a broken heart
A **E** **B**
Couldn t bear to be apart
A **B** **E**
from the one he loved too much

When I break out of this iron cast

I ll lay all of my ghosts in the past

Friends that I thought I knew

Where were you when I needed you

And lovers that had torn me apart

It seems the more I chase the further you run

Faster than a bullet from a gun

That shot me through this heart of stone

Now all that s left is skin and bones

I tell you this is the end for me

Ref.:

Billy died of a broken heart

Couldn t bear to be apart

from the one he loved too much

Billy died of a broken heart

Couldn t bear to be apart

from the one he loved too much

Greets from Austria!
