[Verse]

```
          G          A          D
She d trade Colorado if he d take her with him
          G          A          D
Closes the door before the winter lets the cold in,
          G          A          D          G
And wonders if her love is strong enough to make him stay,
          Em          Em
She s answered by the tail lights
          A          D
Shining through the window pane
```

[Chorus]

```
          G          D
He said I wanna see you again
          G          D
But I m stuck in colder weather
          G          D
Maybe tomorrow will be better
          A
Can I call you then
          G          D
She said you re ramblin man
          G          D
You ain t ever gonna change
          G          D
You gotta gypsy soul to blame

And you were born for leavin
```
