```

      A      B      E
She d trade Colorado if he d take her with him
      A      B      E
Closes the door before the winter lets the cold in,
      A      B      E      A
And wonders if her love is strong enough to make him stay,
      F#m      F#m
She s answered by the tail lights
      B      E
Shining through the window pane
```

He said I wanna see you again

Can I call you then
      A      E
