

Fun

Zach Robinson

Whole song consists of...

Bm - Em - F#m

Heres a new song and it s a new day.
Rhythm of a song, vibrations on the way.
I got a loving heart, you got a loving mind.
Together we can start a world of fun times.
Melting through, through the milky way.
Running through, through a field of hay.
It s never a bad time to wanna play.
Whippin out the guitar in the middle of the day.
You know I love you, while I watch your hands sway.
let loose and honestly well love is the only way.
Cuz this is all a dream, don t matter black or white.
Or what your race is as long as your polite.
So put your lighters up, and put your drinks up.
Grab a seven up and fill your cup up.
Cuz you know we re havin so much.

Fun, fun, fun, fun, fun, fun, fun, fun, fun

I got a new job, and a new life.
Just a few hours from the love of my life.
We re swimming through time, and sending out our cry.
To the legends and the lovers that you know you like.
So through the window we see many signs.
Through the wind snow falls and aligns.
All the thoughts into love, and all the rhythm and time.
Melts into a song where we re having a fun time.
So with a rainbow, comes raining skittles.
You hear an oboe, and you hear a fiddle.
You feel the drumbeat.
And in the middle, sounds like a heartbeat.
So we continue the riddle where theres a splash of paint theres a canvas.
She had a baby and we ll name her Candice.
So grip the wheel because we re on a planet.
When I get a clothing line, you know I ll brand it and it ll be....
Fun, fun, fun, fun, fun, fun, fun, fun, fun....
So with a little love, and a little time.
Anything you want can be yours or mine.
So tell me what you want.
And tell me what you need.
And tell me how I can benefit, benefit your dream.
Is there something I can do, anyway I can help?
Baby, I ll whisper, and I ll try not to yell.
Because a ringing tone is better then a shout.
So let me sing to you. And let me ask you out.

We re in the city now.
And the feelings are right.
We re drifting off to sleep.
In the middle of the night.
Rain drops on our nose and you feel a chill.
Rush down your spine, so you know that it s real.
Cuz when it feels right then love is on it s way.
So let me hold you tight and let me show you the way.
Cuz you know by the end of the night.
We ll be having so much....
Fun, fun, fun, fun, fun, fun, fun, fun, fun, fun, fun, fun
