

**Its Alright**  
**Zach Robinson**

Capo 2nd Fret

**Emadd9 - Bm x3 - G - D** (whole thing x2)

**Emadd9 - Bm x6**

I heard a song on the radio

It made me feel alright.

I turned it up so I could hear it better.

**G D Emadd9**

And reached my hand outside to feel the weather.

**Emadd9 - Bm x6**

I had a dream I kept falling in love.

And I woke up and it was true.

I said I know just what love feels like

**G - D - Emadd9**

when I am next to you.

**G - D - Emadd9 - C x4**

And now I m thinking of you.

Trying to make you feel alright.

Have you looked inside yourself, theres light.

And it s fine, it s alright tonight.

**Emadd9 - Bm x6**

You and I have made it so far.

You and I have yet to be apart.

You and I have got a lot to say.

**G - D - Emadd9**

About the world and thanks for being here today.

**Emadd9 - Bm x6**

Some how I can feel todays the day.

That we ll sing about love all day.

Somehow I can feel we re falling in love and

**G - D Emadd9**

thats the only thing I ve ever wanted to say.

**G - D - Emadd9 - C- Am x4**

And now I m thinking of you.

Trying to make you feel alright.

Have you looked inside yourself, theres light.

And it s fine, it s alright tonight.

**Bm - F#m - G - A x2**

Sometimes we gotta love from within and out.

Ya we just gotta love and find ourselves in love

Until it all falls in place.

**Emadd9 - Bm**

**G - D - Emadd9 - C- Am x10**

And now i m thinking of you.

Trying to make you feel, make you feel alright.

Have you looked inside yourself

Theres so much light. Baby

Gotta look inside

To find the love tonight.

And now I m thinking of you I m telling you

we re alright we re just fine tonight ya.

Were alright were just fine were all in love

all in love tonight.

**Emadd9 - Bm**
