Vacation At Home

VERSE

**Em G D**

Oh this life ya this life oh this life life life keeps rolling on.

**Em G D**

All I see is red lights, blue lights, green lights. All the lights all the lights.

**Em G D**

I donâ€™t know what it means I donâ€™t know I donâ€™t know what it means.

**Em G D**

All I know is what I feel what I feel do you feel what I feel do you feel it now.

CHORUS

**Am C**

It takes time to find the one so I enjoy wasting my time.

**Em G**

I wake up on a Sunday morning to the sound of birds outside.

**Am C G**

I say todayâ€™s not a day where I have to worry no.  
Itâ€™s my vacation at home.

VERSE

What are you thinking when the last forty cents of gas counts slower than itâ€™s ever counted before.

I was thinking of you when you called on my phone and the numbers stopped counting oh lord.

I could chose to drive and drive til I find somewhere nice to be polite, set up and play my guitar.

But I find peace of mind in just staying inside and enjoying my day off.
