Clouds
Zach Sobiech

[Intro]
E G#m C#m A x2

[Verse]
```
           E
```
Well I fell down, down, down
```
         G#m
```
Into this dark and lonely hole
```
         C#m                              A
```
There was no one there to care about me anymore
```
       E               G#m                          C#m
```
And I needed a way to climb and grab a hold of the edge
```
                           A
```
You were sitting there holding a rope.

[Chorus]
```
             E
```
And we ll go up, up, up
```
        G#m
```
But I ll fly a little higher
```
        C#m                          A
```
We ll go up in the clouds because the view is a little nicer
```
      E         G#m
```
Up here my dear
```
          C#m                         A
```
It won t be long now, it won t be long now.

[Verse]
```
            E
```
When I get back on land
```
          G#m
```
Well I ll never get my chance
```
    C#m                        A
```
Be ready to live and it ll be ripped right out of my hands
```
  E                       G#m
```
Maybe someday we ll take a little ride
```
          C#m                      A
```
We ll go up, up, up and everything will be just fine.

[Chorus]
```
              E
```
And we ll go up, up, up
```
         G#m
```
But I ll fly a little higher
```
          C#m                             A
```
We ll go up in the clouds because the view is a little nicer
```
      E          G#m
```

```
Up here my dear
          C#m                        A
It won t be long now, it won t be long now.

[Bridge]
    G#m      C#m                      A
If only... I had a little bit more time
    G#m   C#m                        A
If only... I had a little bit more time with you.

[Verse]
            E
We could go up, up, up
     G#m
And take that little ride
      C#m
We ll sit there holding hands
         A
And everything would be just right
    E                     G#m
And maybe someday I ll see you again
      C#m                            A
We ll float up in the clouds and we ll never see the end.

[Chorus]
            E
And we ll go up, up, up
        G#m
But I ll fly a little higher
        C#m                          A
We ll go up in the clouds because the view is a little nicer
    E         G#m
Up here my dear
          C#m                      A
It won t be long now, it won t be long now.

E   G#m    C#m    A     E
```
