Give me back the key

Though I don't know if I'm gonna leave my prison

Or close my eyes and make believe

That I am free and all is forgiven

Give it up, no holding on

Let it go, it's gone away

(Bridge)

R P

What did you believe when you said goodbye

E B

Did you think that I would be waiting, waiting for your call

G#m

E I

When you hid the truth inside a lie

B F#
That I could not believe

B F# G#m

I could not believe

B F# G#m

I could not believe

(use verse chords)

Give me just one more chance

Take me in your arms and let me live again

Try to take all my love

Like you took all of my cheating

Two hearts beating as one

Burning in a sun of joy.
