Zara Larsson

C

G **F**
Talkin bout a change of heart again
C
But boy, the curtain s down
G **F**
Be damned if I mma play that part again

Am

Spare me this encore
G
It s quiet on set
F
The lights have gone dead

Am
When all is said and done
This audience of one
G **F**
Ain t loving you back tonight

C **G**
I won t fast-forward, replay, rewind
Am **F**
R-r-replay, rewind over you
C **G**
I won t fast-forward, replay or rewind

C
But for heaven s sakes

I done been through hell and back with you

No more second takes

There s only so much drama, boy I can t go through

See I m on another page
My life is not your stage

I finally moved on

So picture me gone

I used to be your star
The Venus to your Mars

But I don t see that tonight

I won t fast-forward, replay, rewind

R-r-replay, rewind over you

I won t fast-forward, replay or rewind

I ain t wasting more time over you

This ain t a scene, this ain t an act

This ain t a movie, boy it s a wrap

Baby, I won t fast-forward, replay, rewind

I ain t wasting more time over you

Fooling yourself with this one man show

Find someone else for a cameo

Cause I found a new leading man oh

And I feel so alive, I feel so alive

C **G**
I won t fast-forward, replay, rewind
Am **F**
R-r-replay, rewind over you
C **G**
I won t fast-forward, replay or rewind
Am **F**
I ain t wasting more time over you
C **G**
This ain t a scene, this ain t an act
Am **F**
This ain t a movie, boy it s a wrap
C **G**
Baby, I won t fast-forward, replay, rewind
Am **F**
I ain t wasting more time over you
