

Shes Not Me  
Zara Larsson

[Intro]

**E | F# | G#m | B**

**E F#**  
She doesn't love you like I do  
**G#m B**  
She doesn't have my name  
**E F#**  
However she tries to act like it  
**G#m B**  
She'll never be the same

**E F#**  
But she's new and she's beautiful  
**G#m B**  
You've never been in a fight  
**E F#**  
Yeah it's awfully perfect now  
**G#m B**  
But you just know deep inside

**E F#**  
She's not me  
**G#m B**  
She's not me  
**E F#**  
She's not me, baby  
**G#m B**  
She's not me

**E F#**  
Does she make you feel wanted like I did  
**G#m B**  
Make you feel like you're the one thing that matters  
**E F#**  
You let her head rest on your chest  
**G#m B**  
But when you close your eyes

**E F#**  
You'll be seeing my face again  
**G#m B**  
I'll be crossing your mind  
**E F#**  
You'll be dreaming on places we went  
**G#m B**  
And then you'll wake up to find

**E F#**

That she s not me

**G#m B**

She s not me

**E F#**

She s not me, remember

**G#m B**

That she s not me

**E F#**

Mmmh-hh-uuuh-yeeaah

**G#m**

She s not me

**B**

She s not me
