Zayn

```
  C
I go where you go
                G      E/G#
Go through Armageddon, girl, I got you
     Am
There s no goodbyes

Only us, so I will follow
 C
Hold you close
          G               E/G#
Standing on the edge of no tomorrow
  Am
Still deep in us
Get that rush, so I still follow

  C                                        G
I ve been feeling high when I touch your body
  Am
Till I feel the soul inside your body
                        C             G
Can t believe my eyes, I swear you glow

I follow you close
  Am
Fingertips touch, all I want s your body

Fingertips touch, all I want
```
