

**Hacky Sack**  
**Zebedee Vortex**

I ve been at my ZV collection again. I ve worked out the chords for this punk belter:

HACKY SACK

Verse:

**A**            **D**        **E**        **A**            **D**            **E**  
Low flying hacky sack, Speeding round your head  
**A**        **D**            **E**        **A**            **D**            **E**  
If it makes contact, it will taste like lead  
**A**            **D**            **E**  
Low flying hacky sack, capital in there  
**A**            **D**            **E**  
Low flying hacky sack, over five is rare  
**A**            **D**            **E**  
Low flying hacky sack, a weekend diversion  
**A**            **D**        **E**  
Low flying hacky sack

Chorus:

(no guitar at all, just drums!)  
I came into the room and all I could hear was... x4

2nd verse (same chords as 1st)

Low flying hacky sack, careering to your chest  
If it hammers you, you ll be in a mess  
Oh, I m not playing if it goes any further  
Kick it in the air like a Socialist Worker  
All our fun today is down to our low flying hacky sack

Chorus

Solo (verse chords)

Middle section

**A**            **D**        **E**  
Low flying hacky sack        x4  
**A**            **D**            **E**  
Low flying hacky sack, low flying hacky sack        x4

I m pretty confident with my transcription of this one. Their songs are just SO easy, but there is very little ZV tab on the web. I ll see what else I can do from the Public Service Utility CD.

Enjoy!
