

## Honey Bee

Zee Avi

There is a simple finger picking pattern that you can pickup by ear, or from watching videos.

[Verse 1]

**C** **E**  
I am a honey bee,  
**Am**  
Shunned off from the colony  
**Fmaj7** **G** **C**  
and they won't let me in

**C** **E**  
So I left the hive,  
**Am**  
They took away all my stripes  
**Fmaj7** **G** **C**  
and broke off both my wings

**C** **E** **Am**  
So I'll find another tree  
**Fmaj7** **G** **C**  
and make the wind my friend  
**C** **E** **Am**  
I'll just sing with the birds  
**Fmmaj7** **G** **C**  
They'll tell me secrets of the world\*

[Chorus]

**Am** **G** **C**  
But my other honey bee  
**Am** **G** **C**  
Stuck where he doesn't wanna be\*  
**Am** **G** **C**  
But my darling, honey bee  
**F**  
I'll come save you  
**Fm** **C**  
Even if it means I'd have to face the queen  
**E** **Am** **Fmaj7** **G** **C**  
Oh Pa da bum ba dam bum Paa da dadapapa dadum

[Verse 2]

**C** **E**  
 So I ll come prepared,  
**Am**  
 My new friends said they would help me  
**Fmaj7** **G** **C**  
 get my loved one back

**C** **E**  
 They say it isn t right,  
**Am**  
 The bees have control of your mind,  
**Fmaj7** **G** **C**  
 but I choose not to believe that

**C** **E** **Am**  
 So we ll meet in the darkness of the night,  
**Fmaj7** **G** **C**  
 and I promised I will be there on time  
**C** **E** **Am**  
 We ll be guided by my new friends, the butterflies,  
**Fmaj7** **G** **C**  
 bring us back to our own little hive\*

[Chorus]

**Am** **G** **C**  
 Oh my other honey bee,  
**Am** **G** **C**  
 No longer stuck where he doesn t wanna be\*  
**Am** **G** **C**  
 Oh my darling, honey bee,  
**F**  
 I have saved you  
**Fm**  
 And now that you re with me,  
**C**  
 we can make our own honey  
**E** **Am** **Fmaj7** **G** **C**  
 Oh Pa da bum ba dam bum Paa da dadapapa dadum

At the \* there is a lead in before going to Am:
