(Solo)

Maybe this story ends in something happier than this
MAybe there s something that I missed
I wish that I could see her now
But when all the dust clears the memory till nothing is the same
I ll still remember what she d say, you know that I ll still feel her smile

Locked in a feeling, lost in the meaning
Feeling the fever of time
This isn t mine, it isn t mine

It could be easier to close my heart to you
But that s the one thing I could never do
