

Plays Pretty For Baby
Zolof The Rock and Roll Destroyer

Yes, this song IS by Zolof, but EVERYONE thinks its Saosin. BAH!

So, i looked up the song, and they had it, but I thought that the chords were hard, so I tabbed this. It is not in the right key, but I m sure you can tune or capo it or whatever it so it is in the right key, a G#. This is easier to play on an acoustic, rather than the other, probably more accurate, tab. w/e. Please comment with any corrections and suggestions!

A **E** **Bm** **D** **A E D E**
I feel her smooth skin slightly brush against the backside of my arrrrrrrrmmmm.

A **E** **Bm** **D** **A E D E**
I need this song started over; your crying made me miss my favorite paaaart.

A **E** **Bm** **D**
I HEAR THE EXCLIMATION POINT!!!

A **E** **D** **E**
Her eyes are so there, they re greener. Her Eyes are so there...
(Do do do do, do do do, do do do do do, do do do do, do do do do)

...and repeat throughout the song.

here are the rest of the lyrics:

Lay back, the song is almost over
I tried to hear you out but I dozed off

I need the song started over
Your crying made me miss my favorite part

Rachael, it s times like this I wonder

Your eyes are so there
They re meaner.
