

Leaving Me

ZOX

G **Am**
wake up in the middle of the night
Dm **Bb**
the air is so heavy my head s screwed on too tight
F **C**
and in the glow of the christmas lights i watch you sleep
G **Am**
the hands on the cigarette clock are just
Dm **Bb**
time ticking away this love i ve got
F **C**
there s no way to make it stop before you wake

Dm **G**
i know you re leaving me
Bb **F** **C**
this is not the way that i was brought up to believe that it would be
Dm **G**
i know you re leaving me
Bb **F**
i m running round in circles trying to figure out
C
just who i m supposed to be

G **Am**
we go down to prospect park
Dm
to watch the light become the dark
Bb **F** **C**
and i don t think i ve ever been this scared
G **Am**
outside as the yellow moon rises
Dm
i know this time it won t surprise us
Bb **F** **C**
but that don t mean that i will be prepared

Repeat Chorus

G **Am** **Dm**
i m so tired of writing sad songs
Bb **F** **C**
but my mind s on misery
G **Am** **Dm**
and i know there s time until you re gone
Bb

but i can t let it be

F C

i can t let it be

Repeat Chorus
