god i love the way you wear your glasses				
you got my glass half full now, my shades half pulled down	C	G	Am	F
and i don t think i wanna think of anyone else	C	G	Am	F
cause when your olive skin shines itâ€™s in my blood line	C	G	Am	F
you know i wanna be yours	Am	F	C	G

	C	G
but you won t even talk to me	C	G
about the intricacies	Am	
of your philosophies	F	
you don t think my intellect	C	G
could be so indirect	Am	
what do you expect of me spectacle girl?	F	C

Same Chords throughout

so sit and smile and laugh and make me happy
letâ€™s spend the whole day, watching the freeway
there s nothing i would rather do on saturday night
then let my feelings smolder between your shoulders yeah
oh don t you wanna be mine?

am i so easy to ignore?
that you could shut the door?
and leave me on the floor?
iâ€™m trying to find a precedent
for all this mistreatment
but it don t make no sense

because you know all the right things to say
and i would never understand them anyway
we would make a wonderful world
me and my spectacle girl.
