

**Love To Love**  
**Zwan**

Spent a while looking for a tab to this song on the internet, couldnt find anything than the solo so i ve worked it out myself and put it up here hastily as this song is way beautiful to not be available. Pretty sure its correct, let me know if there are any as sometimes it takes another pair of ears :)

P.S. rushed putting this up as late for college so chords above words are in slightly wrong place but im sure you can work it out

**D**                    **A**                    **G**                    **Bm**  
Oh it s been too many times and I can t go back  
Night bars, guitars, rundown motels like shacks  
What it amounts to I don t want it at all  
Lost you and I want you today

**D**                    **A**                    **G**                    **Bm**  
Misty green and blue  
**D**                    **A**                    **G**  
Love to love to love you  
Misty green and blue  
Love to love to love you

Don t say that you ll never know  
Love to love to love you

Misty green and blue  
Love to love to love you  
Misty green and blue  
Love to love to love you
