

**Dust My Broom**  
**ZZ Top**

#

tabbed by : Jean-Pierre TROLET  
[http://\\*](http://*)

This very well known tune was first composed by Robert Johnson. It was then covered by Elmore James , the famous electric slide guitar player, in the fifties. After him many also covered it in different ways : Canned Heat, Spencer Davies Group, Taj Mahal, John Mayall, Ike and Tina Turner ..... and ZZTOP :

The ZZTOP version that I tabbed here was released in 1979 on their album DEGUELLO. It is played exclusively with electric guitars. We are rather far from the original Robert Johnson s version. Billy Gibbons put his own inventiveness in it. On the record you can hear three guitars (two playing rhythm) but one rhythm guitar and one slide guitar are enough with a bass guitar to reproduce the tune.

Both guitars must be tuned in OPEN D that is from bass to treble :

Needless to be a slide guitar master to have fun playing that tune !  
I am not !

LEGEND :

/ : slide-up  
 : slide-down  
^^^ : let ring  
n\_\_ : linger on this note  
 ( = rough way of noting rhythm !)  
{n} : vibrate around fret n with the slide bar  
  
n : slide guitar only : do not play with the slide bar.

(With the slide guitar all notes are played with the slide bar except in the turnarounds, the outro and where noted in the solo section with underlined notes).

Remember to tune both guitars in OPEN D as indicated above.

You can hear and download two MP3 DEMOs ( one electric and one acoustic) and get

some more details from the URL above.
