Verse:

Am **C**
You leave a trail of my broken tears,

Empty words for me to fall,
Am **C**
Broadway at dark is where you left my heart,
Dm **G**
Love is cursed in a bar,

Am **C**
Now I can t get up, Now I can t get down
Dm **G**
With all the games that you play,
Am **C**
You shut me up and you shut me out,
Dm **G**
It s all the same, nothing s changed,

Pre-Chorus:

Am **C**
Got me on the ledge where you keep me waiting,
Dm **G**
Standing on the edge and I m begging, begging,
Am **C** **Dm**
I can t read your mind, won t you help me draw the line?

Chorus:

Dm **Am**

Save my life, set me free,
 C G
 These lonely nights are haunting me,
 Dm Am
 Cut me out from the cold,
 C G
 This young heart is getting old,

 You don't want me, darling, let me know,

 Just say goodbye and I'll go,
